[Pillars](#) Rachel Pieh Jones 2021 Personal friendships with Somali Muslims overcome the prejudices and expand the faith of a typical American Evangelical Christian living in the Horn of Africa. When Rachel Pieh Jones moved from Minnesota to rural Somalia with her husband and twin toddlers eighteen years ago, she was secure in a faith that defined who was right and who was wrong, who was saved and who needed saving. She had been taught that Islam was evil, full of lies and darkness, and that the world would be better without it. Luckily, locals show compassion for this blundering outsider who can't keep her headscarf on or her toddlers from tripping over AK-47s. After the murder of several foreigners forces them to evacuate, the Joneses resettle in nearby Djibouti. Jones recounts, often entertainingly, the personal encounters and growing friendships that gradually dismantle her

unspoken fears and prejudices and deepen her appreciation for Islam.

Unexpectedly, along the way she also gains a far richer understanding of her own Christian faith. Grouping her stories around the five pillars of Islam - creed, prayer, fasting, giving, and pilgrimage - Jones shows how her Muslim friends' devotion to these pillars leads her to rediscover ancient Christian practices her own religious tradition has lost or neglected. Jones brings the reader along as she reexamines her assumptions about faith and God through the lens of Islam and Somali culture. Are God and Allah the same? What happens when one's ideas about God and the Bible crumble and the only people around are Muslims? What happens is that she discovers that Jesus is more generous, daring, and loving than she ever imagined.

Rayan's Adventure Learning the Five Pillars of Islam The Sincere Seeker 2021-06-22 The Religion of Islam is based upon Five Primary Foundations or Pillars. Just as a building or a bridge would lack stability without strong pillars, a Muslim's relationship with Allah, his God, would lack a focus and a secure connection without the observance of and adherence to these fundamental Five Pillars. These Five Pillars or religious duties are mandatory. Every Muslim must follow and practice them with the utmost devotion. Failure to comply and practice any of these dictates can be considered the commission of serious sin, some resulting even in the expulsion of a believer from the fold and faith of Islam. Like the Ten Commandments of the Jewish and Christian faiths, these Pillars provide a spiritual foundation and a framework to guide a Muslim's life. Fulfillment of these Five Pillars provides blessings and rewards for those who follow them in both this life and the next. These Pillars help Muslims establish a closer relationship with their Creator and build a spiritual connection with Him. A faithful Muslim prioritizes these Pillars over all worldly matters, principles, or regulations in their lives, as they form the foundation and starting point for all other good deeds and acts of worship to their Creator. ?? A word from the author of the Muslims and Revert Series "Dear friends, it has been an exhausting route to find salvation, with lots of hurdles and challenges. Life is like that, the first step is always the toughest, and the confusion that you have gone through. Your mind becomes a hoard of information and the society and people around you seem to drag to a point of no return. The choice to find truth for the only one religion approved by God is not an easy voyage. If you read through till the end of this book, it is like half of your question answered but still the last moment is to declare your shahada to proof your faith to the true and only God Allah SWT. From now onwards, all your deeds recorded and rewarded. You made a vital decision in your life. Mubarak, Congrats!

Let's Learn About Tawheed Aamna Qureshi 2021-03-25 The very first pillar of our faith is Tawheed. It goes without saying then that this pillar must therefore be of the utmost importance. Yet if we speak to children and ask them about the 5 pillars of Islam they will probably be able to tell us more about fasting and salah than Tawheed. To them Tawheed means you believe in Allah and the last messenger, Prophet Muhammed (PBUH). It is a simple statement that is correct, but a simple statement that has a lot of meaning

behind it. When we build a house we will start by laying a line of bricks in a row. Upon this row we will layer the other bricks on top. If after building a wall, we removed some of the bricks in the first row, the house would come tumbling down. Tawheed is just like that first layer of bricks on a house that is supporting all the other layers. If the foundation of our faith is built strongly, then the rest of our actions and deeds will be sound. But if our Tawheed is weak in understanding and application, then this will affect the validity of all our actions. This is why it is so significant for children (and adults) to understand what it means by the word Tawheed; so that they can understand what it contains and increase their knowledge and relationship with Allah. The more they know about Allah, the more they will love Allah. This book has been designed to introduce children to the concept of Tawheed and explain to them more about their Creator. It is hoped that this will help all children understand their Creator better and increase their relationship with Him.

Basics of Religious Education Gottfried Adam 2014 This volume offers an introduction to all questions of teaching Religious Education as a school subject and as an academic discipline related to this subject. The chapters cover most of the aspects that religion teachers have to face in their work, as well as the theoretical background necessary for this task. The volume is a textbook for students and teachers of religious education, be it in school or in an academic context, who are looking for reliable information on this field. The book has proven its usefulness in German speaking countries. This volume is the English translation of the German Compendium of Religious Education (edited by Gottfried Adam and Rainer Lachmann). The background of the book is Protestant but its outlook is clearly ecumenical, and questions of interreligious education are considered in many of the chapters. What the Qur'an Meant Garry Wills 2018-12-04 America's leading religious scholar and public intellectual introduces lay readers to the Qur'an with a measured, powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity. In *What the Qur'an Meant*, Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an, leading us through perplexing passages with insight and erudition. What does the Qur'an actually say about veiling women? Does it justify religious war? There was a time when ordinary Americans did not have to know much about Islam. That is no longer the case. We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing. We are constantly fed false information about Islam—claims that it is essentially a

religion of violence, that its sacred book is a handbook for terrorists. There is no way to assess these claims unless we have at least some knowledge of the Qur'an. In this book Wills, as a non-Muslim with an open mind, reads the Qur'an with sympathy but with rigor, trying to discover why other non-Muslims—such as Pope Francis—find it an inspiring book, worthy to guide people down through the centuries. There are many traditions that add to and distort and blunt the actual words of the text. What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the

original meaning. He compares the Qur'an with other sacred books, the Old Testament and the New Testament, to show many parallels between them. There are also parallel difficulties of interpretation, which call for patient exploration—and which offer some thrills of discovery. What the Qur'an Meant is the opening of a conversation on one of the world's most practiced religions.
